

GSW Rider Mileage

February 25, 2022

Riding mileage is tracked by the Mileage Coordinator for GSW members participating in GSW rides posted in Pedal Talk or on <https://www.meetup.com/Granite-State-Wheelmen-bicycling/> and meeting the following requirements:

- a. A GSW MeetUp ride may not be listed within a few hours of an existing ride already scheduled at the same location.
- b. A GSW MeetUp ride should be posted with 24+ hours lead time to allow riders to learn about the ride and make plans to attend. Changes to posted rides due to weather or cancellation can be posted any time to inform those riders planning to attend.
- c. A GSW ride must be held in public places with ample parking - not private driveways. A location must be specified.
- d. Each rider, GSW member or not, must print and sign their own name on the GSW Sign-in Sheet for that ride. This is required for liability release and insurance coverage.

GSW Sign-in sheet mileage received by Mileage Coordinator by the first day of even numbered months will be included in year-to-date totals reported in the following Pedal Talk issue.

Riding mileage will be tracked separately for each of the following ride types as identified on the GSW Sign-in sheet:

- On-road
- Rail Trail
- Gravel
- Mountain

Commuting Miles will be tracked. Riders may individually submit their commuting miles to include mileage to-and-from work, errands, or commuting to a GSW ride.

Charity Rides - If you attended a charity ride and a GSW ride leader was not present, submit your name, charity ride name, mileage, location, and date.

Ride Leaders: Print the date, your name, the ride type, and the location of the ride on the ride sheet. Ensure that each rider's name on ride sheets is signed as well as printed in a legible manner.

Submitting a Sign-in Sheet

1. Scan in pdf format and email to: mileage@gswheelers.org
2. Or, Mail to: Lindsay Collins
PO Box 497
Newbury, NH 03255

Photo submissions will NOT be accepted.

GSW Ride Leaders must retain the originals of all emailed GSW Sign-in sheets until April 1 of the following calendar year.

The decision by the Mileage Coordinator of the eligibility for inclusion of a rider's mileage is final.
